SCHOLARHIP & FELLOWSHIP INFORMATION

Colorado Law Scholarships

We are committed to making a Colorado Law education as affordable as possible. Thanks to our community of alumni and friends, we are able to award hundreds of scholarships each year. Described below are our gift-funded scholarships.

These scholarships (and their accompanying descriptions) are subject to change at any time and without notice as new scholarships are created and as available funding changes. While we expect to be able to award all listed scholarships, it is possible that funding or other constraints will impact availability.

Each spring, the Admissions and Financial Aid Committee sends out more information about these scholarships, including the application packet.
